"Allah the Rehman the Rahim" is a series of textural calligraphy that Mr. Agha has produced in three systems with a touch of simplicity. The 99 calligraphic texture being exhibited in Glasgow consists of calligraphic explanation of the 99 names of the creator, the originator, and the painter of the universe.

The aim of the workshop is to provide brief cultural knowledge of Arab-Islamic arts. Mr. Agha Khan will focus on his own calligraphy, which is characterised by aesthetics and wonderful geometries, and teach us the basics of calligraphy.
